

LAHMAN BASEBALL OUTPUT

1. What range of years for baseball games played does the provided database cover?

first_year integer	last_year integer	num_years bigint
1871	2016	146

2. Find the name and height of the shortest player in the database. How many games did he play in? What is the name of the team for which he played?

namefirst character varying (50)	namelast character varying (50)	games_played integer	name character varying (50)
Eddie	Gaedel	1	St. Louis Browns

3. Find all players in the database who played at Vanderbilt University. Create a list showing each player's first and last names as well as the total salary they earned in the major leagues. Sort this list in descending order by the total salary earned. Which Vanderbilt player earned the most money in the majors?

	namefirst character varying (50)	namelast character varying (50)	total_salary double precision
1	David	Price	81851296
2	Pedro	Alvarez	20681704
3	Mark	Prior	12800000
4	Scott	Sanderson	10750000
5	Mike	Minor	6837500
6	Joey	Cora	5622500
7	Ryan	Flaherty	4061000
8	Josh	Paul	2640000
9	Mike	Baxter	2094418
10	Sonny	Gray	1542500
11	Jensen	Lewis	1234000
12	Matt	Kata	1060000
13	Nick	Christiani	500000
14	Jeremy	Sowers	384800
15	Scotti	Madison	135000

4. Using the fielding table, group players into three groups based on their position: label players with position OF as "Outfield", those with position "SS", "1B", "2B", and "3B" as "Infield", and those with position "P" or "C" as "Battery". Determine the number of putouts made by each of these three groups in 2016.

position text	sum bigint
battery	41424
outfield	29560
infield	58934

5. Find the average number of strikeouts per game by decade since 1920. Round the numbers you report to 2 decimal places. Do the same for home runs per game. Do you see any trends?

decade integer	avg_so numeric	avg_hr numeric
2010	15.04	1.97
2000	13.12	2.15
1990	12.30	1.91
1980	10.73	1.62
1970	10.29	1.49
1960	11.43	1.64
1950	8.80	1.69
1940	7.10	1.05
1930	6.63	1.09
1920	5.63	0.80

6. Find the player who had the most success stealing bases in 2016, where **__success__** is measured as the percentage of stolen base attempts which are successful. (A stolen base attempt results either in a stolen base or being caught stealing.) Consider only players who attempted *_at least_* 20 stolen bases.

namefirst character varying (50)	namelast character varying (50)	sb_success numeric
Chris	Owings	91.30

7. From 1970 – 2016, what is the largest number of wins for a team that did not win the world series? What is the smallest number of wins for a team that did win the world series? Doing this will probably result in an unusually small number of wins for a world series champion – determine why this is the case. Then redo your query, excluding the problem year. How often from 1970 – 2016 was it the case that a team with the most wins also won the world series? What percentage of the time?

yearid integer	wswin character varying (1)	name character varying (50)	w integer
2001	N	Seattle Mariners	116

yearid integer	wswin character varying (1)	teamid character varying (3)	w integer
1981	Y	LAN	63

occurrences numeric	ws bigint	percentage numeric
12	46	26.09

occurrences numeric	ws bigint	percentage numeric
11	45	24.44

Both of the bottom two are correct, but one is “technically” more correct. As a bonus, try and see why.

8. Using the attendance figures from the homegames table, find the teams and parks which had the top 5 average attendance per game in 2016 (where average attendance is defined as total attendance divided by number of games). Only consider parks where there were at least 10 games played. Report the park name, team name, and average attendance. Repeat for the lowest 5 average attendance.

park character varying (10)	name character varying (50)	park_name character varying (100)	high/low text	avg_attendance numeric
LOS03	Los Angeles Dodgers	Dodger Stadium	high	45719.90
STL10	St. Louis Cardinals	Busch Stadium III	high	42524.57
TOR02	Toronto Blue Jays	Rogers Centre	high	41877.77
SFO03	San Francisco Giants	AT&T Park	high	41546.37
CHI11	Chicago Cubs	Wrigley Field	high	39906.42
CHI12	Chicago White Sox	U.S. Cellular Field	low	21559.17
MIA02	Miami Marlins	Marlins Park	low	21405.21
CLE08	Cleveland Indians	Progressive Field	low	19650.21
OAK01	Oakland Athletics	Oakland-Alameda County Coliseum	low	18784.02
STP01	Tampa Bay Rays	Tropicana Field	low	15878.56

9. Which managers have won the TSN Manager of the Year award in both the National League (NL) and the American League (AL)? Give their full name and the teams that they were managing when they won the award.

full_name text	team_name character varying (50)	lgid character varying (2)
Davey Johnson	Baltimore Orioles	AL
Davey Johnson	Washington Nationals	NL
Jim Leyland	Detroit Tigers	AL
Jim Leyland	Pittsburgh Pirates	NL

10. Find all players who hit their career highest number of home runs in 2016. Consider only players who have played in the league for at least 10 years, and who hit at least one home run in 2016. Report the players' first and last names and the number of home runs they hit in 2016.

namefirst character varying (50)	namelast character varying (50)	yearid integer	hr integer	maxhr bigint
Robinson	Cano	2016	39	1
Bartolo	Colon	2016	1	1
Rajai	Davis	2016	12	1
Edwin	Encarnacion	2016	42	1
Francisco	Liriano	2016	1	1
Mike	Napoli	2016	34	1
Angel	Pagan	2016	12	1
Adam	Wainwright	2016	2	1

**FOR THIS QUESTION, this may not match up exactly, UPTON, ENCARNACION and may or may not show up.
